### SHRI AJAY SAWHNEY

Secretary, Electronics & Information Technology

Developing capability within NIC is not just building the strength or capability of NIC. It is building the strength or capability of all the departments which make use of NIC services.

### SHRI PRIYANK BHARTI

IAS, Director (MVL), MoRTH, Government of India

The two new applications eChallan and mParivahan are evolving applications and have been developed with consideration of states requirements and the procedures of law involved. The adoption and comprehensive usage of eChallan would help in handling the challan and penalty procedures in a much improved manner and reduce the time for transactions and corruption.

### PROF (DR.) BUTA SINGH SIDHU

MRS Punjab Technical University Bathinda, Punjab

Over these years, we have grown to conduct online Counselling for 11 undergraduate and Post Graduate courses. The solution provided by NIC is very supportive for students and participating institutes. NIC has provided professional support through its team of dedicated scientists in a time bound manner. We at PTU have a wonderful experience with NIC regarding online counselling; especially the team coordination was excellent.

TESTIMONIALS

# PRODUCT BUSINESS DIVISION

Product Business Division has been set up in NICSI to facilitate productization and standardization of software applications with a view to promote them at International level.
